

## From the desk of the Principal

**Ruhi Firdaus Zaman**  
Principal

It is an honor to work with such dedicated, innovative and caring staff members, parents and students. I find each day an adventure filled with new experiences, learning for all, and a chance to constantly widen our horizons. It always gives me a great pleasure to see the sea of smiling faces of children and I must admit that on many days it is the students who make my day brighter.

At Wordbridge the growth of each individual is our focus thus we constantly train our teachers, expose our students and faculty to new challenges. I believe that if we 'work together and learn together' students will be able to achieve their potential. I firmly believe that it is possible to experience success if only students are regular to school.

Wordbridgers are intelligent, creative, imaginative, disciplined, respectful, and ethical pupil and would remain dedicated to life-long learning. With the nurturing from the school they would definitely become the future leaders and role models of society. 2018-19 was a very eventful year and I am looking forward to have many more. Last but not the least; I would like to thank our Chairman sir and Managing partners for trusting me and the team to pull off another great year.
